**Re: Holiday Greeting Message for the Town of Saint Andrews, New Brunswick**

To our friends in Thorpe St, Andrew, UK, our best wishes nearing the end of the most challenging year. With the release of the first vaccines, there is a glimmer of light at the end of a long tunnel and a renewal of optimism! Stay the course and do not confuse inconvenience and genuine hardship but maintain perspective, be strong and kind.

From your friends and admirers in Saint Andrews By-The-Sea,

Regards,
